Event

The backlog item you've been working on, is no longer needed.

Take it out.

EVENT

Event

You are called into an urgent meeting.

You spend half a day on the meeting.

EVENT

Event

There's a strike going on. No-one is allowed to enter the building. Everybody has to go back home and work remotely.

The entire team loses half a day.

EVENT

Event

Change of priorities. The entire team has to do a new planning session and start a new iteration.

The entire team loses half a day. Take out all backlog items from iteration + start a new iteration.

EVENT

Event

your scrum master is ill. You need to replace him for the rest of the week.

You can only work half your capacity for the rest of the week.
